UK's top doctors urge recruitment of Covid-19 patients for vital scientific research

The UK's four Chief Medical Officers and NHS England and Improvement's National Medical Director have written a joint letter to every NHS Trust in the country asking that all efforts are made to enrol patients into nationally prioritised clinical trials on COVID-19.

Happy Easter from CRNCC!

Whilst we will all be celebrating Easter in unusual circumstances and perhaps away from family and friends, the CRN Coordinating Centre would like to wish you all a very happy Easter! Unless there are any major COVID-19 related developments from the Department of Health and Social Care, the next edition of CRN Connect will be issued on Monday 20 April.
